

Thank you so much for downloading the catalogue

Feel free to take a look through at your leisure, Inside you'll find:

- Individual venue floral rental items
 - Clear pricing for each piece
- Each item in all three designers choice colour collections

The catalogue is designed as a gentle planning tool, so please take your time and explore it at your own pace. There's no expectation to decide anything right away.

Venue florals are available on a rental basis with a minimum spend of £500, which helps ensure a cohesive level of styling across your space. Many couples use the catalogue to get a feel for what they're drawn to before we shape something bespoke together.

Alongside venue florals, I also create bespoke bridal bouquets, bridesmaid bouquets and accessories using dried and preserved flowers. These are designed specifically for you and made to keep as lasting keepsakes after your wedding day. We usually design these once your overall colour palette and styling direction feels clear. Once you've had a look through the catalogue, you're very welcome to come back to me with:

- Any questions
- A rough idea of what you're drawn to
- Or simply to talk things through if that feels easier

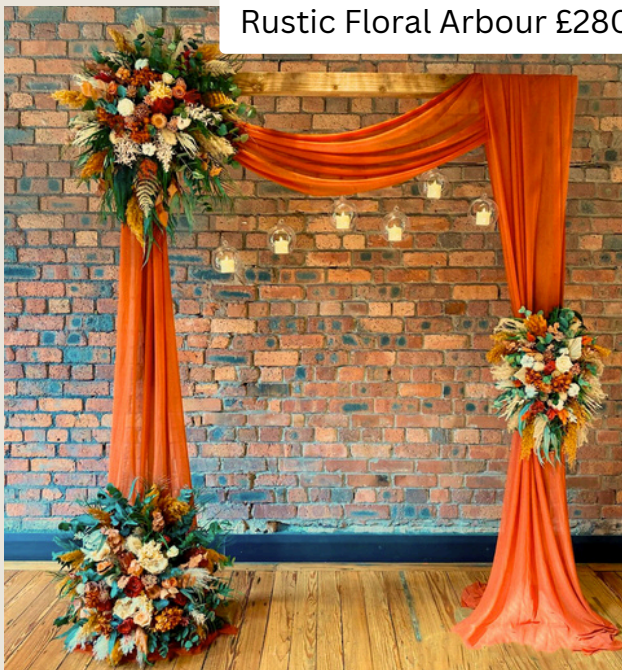

If it feels like the right fit, we can then shape a cohesive plan that brings together both your venue florals and personal flowers beautifully.
